Gentlemen

Enclosed is the Draft Proposed Plan for Operable Unit (OU) 11 (West Spray Field) for your review and comment. Due to the accelerated schedule implemented for this project, the Department of Energy (DOE) requests any comments or responses be sent back to us by May 21, 1995. If no comments are received by this date, DOE will proceed with submittal of the Final Proposed Plan.

Submittal of the Draft Proposed Plan meets the requirements as established in Table 6 of the Interagency Agreement. The original Table 6 milestone date for this document is October 9, 1998. DOE appreciates the effort by the Colorado Department of Public Health and Environment (CDPHE) and the Environmental Protection Agency (EPA) in expediting this review and overall project schedule. If you have comments or would like to have a meeting to discuss the document prior to the above date, or have any other specific questions, please call Dave George, the DOE OU 11 Project Manager at 966-5669.

Sincerely,

  
Steven W Slaten  
IAG Project Coordinator
